From filmmakers to food caterers, beauty brands to brewers and manufacturing to pottery, Lea Bridge's Argall Industrial Area is home to over 400 businesses.

The area is bursting with creativity! It has a rich history of industrial activity, and the Black Path passes through here – a historic route connecting various markets in Hackney and Walthamstow.

With open studios, exhibitions, workshops and events, the Argall Industrial Area in London's E10 has a range of hidden shops and spaces to be found. Many more organisations also have an online presence. Discover more or sign-up to be featured using the digital map:
